Subhead- The Blue Crew Crazies prepare for upcoming Throwback game

The sound of the crowd was loud from the cheering in the fully filled bleachers at Liberty High School during the throwback basketball game on February third. The Blue Crew Crazies are making sure that this game will continue to be special and they are doing lots of elements to make this game special.

“We're going to rent out throwback jerseys, the pants, the shorts, all the, like, all the, all the gear that the old Liberty players used to do. We're going to have newspapers to hold up all the opposing teams being announced. It's just gonna be a lot of fun,” senior John Pace says.

The throwback games were introduced by the Blue Crew Crazies because they wanted to start a tradition at Liberty that hasn't been done before. This will be the fourth year Liberty has done the Throwback games.

“They started three years ago when the Blue Crew Crazies group began,” Blue Crew Crazies advisor Trisha Middleton said.

The games started as a brand new tradition at Liberty in 2023 to give people a look at how basketball games went when they used the Cokley gym.

“Throwback games were established, to give the students a feel of what it was like to host a game in Cokely Gym. Cokely Gym is a historic indoor athletic facility at Liberty High School. It is one of the closest to the action and loudest facilities in the area. The Gym is named after Charles Cokely, a former coach here at LHS,” Middleton said. To find more information about

Cokely [click here](#). The Throwback game will be held at Liberty High February third. The JV team will play at 5:30pm and following that Varsity will play at 7:00pm.
